MAYOR REPORT

RICHTERSVELD MUNICIPALITY
CHIEF FINANCIAL OFFICER REPORT

2005/2006

1. The completion of the Annual Financial Statements were based on the Specimen guidelines provided by National Treasury, and therefore the possibility exists that the Auditor-General will in some instances differ with the format used.
2. The templates provided by National Treasury and foresee in the Specimen documents received also differ, although both came from the same office.
3. The most important factor to note, is that the Richtersveld Municipality graded as a Grade 2 (two) Medium Capacity Category B Local Authority only having to comply within the GAMAP framework and other on the 01st of July 2007 and not the 01st of July 2006.
4. Reasons for starting preparations for the Annual Financial Statements to be ready for submission in GAMAP form on the 01st of July 2006, which is a year earlier than expected is to correct any differences, which we have to comply with and did not meet.

Bearing in mind the income of the Richtersveld Municipality, no questions have to be raised about the MOST WORRYING factor, namely that we do have a serious Cashflow problem, which means that it is not possible to spend the funds budgeted for.

The year 2005/2006 an amount of R22 736 696.00 in total was budgeted for, towards an actual total expenditure for the same year of R18 128 598.00, a difference of R4 608 098.00 or 21%.

The most important section of the expenditure budget, which could not be met and which represents a great disadvantage to the ratepayers/residents is maintenance.

Employee related costs represents 30% of Council's total actual income for 2005/2006.

Debtors increased from R16 190 482.00 (2004/2005) to R18 258 278.00 (2005/2006), which represents a difference of R2 067 796.00 or 12,77%

Last but not least we will agree that although there is still room for improvement, the staff and in particular the Treasury Department of the Richtersveld Municipality, must be congratulated with the successes achieved under the most difficult circumstances.
